I am a highly motivated first generation, bi-lingual college junior majoring in computer science with a minor in mathematics. I am seeking an internship opportunity to further develop my skills and contribute to innovative projects within the field of computer science. With a solid foundation in programming languages such as Python and Java, coupled with great problem-solving skills, I am eager to apply my knowledge to real-world challenges. My passion for technology, and a strong academic background, fuels my desire to engage in a collaborative internship environment. I am confident that my dedication to continuous learning will make me a valuable asset to any team.
